Synch-Solutions Named to U.S. and Illinois Top Business Lists for 2008

CHICAGO, April 21 -- DiversityBusiness.com, the nation's primary resource portal enabling small businesses to connect with Fortune 1000 companies, colleges and universities, and government agencies, has named Synch-Solutions to its lists of *Top 500 African American Owned Businesses* in the U.S. and *Top 100 Diversity Owned Businesses in Illinois*. These lists illustrate the power of privately-held businesses.

DiversityBusiness.com listings include the nation's top multicultural earners, and challenge the long-held notion that privately-held businesses are small or insignificant. Winners are pursued by major corporations wishing to increase spending with small businesses.

The winners will be honored at a special awards ceremony at DiversityBusiness.com's 9th Annual Multicultural Business Conference, taking place from April 29 to May 1, 2009, in Orlando, Florida.

"Entrepreneurs are a growing force in the U.S. economy, and a force to be reckoned with," said Kenton Clarke, CEO of Computer Consulting Associates International Inc. (CCAii), the company that built DiversityBusiness.com. "This is a whole business segment that can carry its own, that provides jobs, products and services, and generates wealth for its communities. These are the new leaders in American business."

"We're honored to be among the top 25 Diversity Owned Businesses in Illinois, and to be named to DiversityBusiness.com's national list of top African American owned businesses," said John Sterling, CEO of Synch-Solutions. "We've built this company on experience, integrity, and commitment to quality and community, and these principles will be the basis for our continuing success."
